

First Announcement of TXRF 2025

The 20th International Conference
on Total Reflection X-ray Fluorescence Analysis
and Related Methods (TXRF2025)
Kielce, Poland, 9-12 September 2025

Conference Website: <https://txrf2025.ujk.edu.pl/>

Dear Colleagues,

We cordially invite you to the 20th International Conference on Total Reflection X-ray Fluorescence Analysis and Related Methods (TXRF 2025), which will be held from 9 to 12 September 2025 in Kielce, Poland. TXRF 2025 will be organized by the Institute of Physics at Jan Kochanowski University (UJK). The biennial conference is a forum for experts and users of TXRF and related techniques. The scope is to jointly present and discuss recent advances, latest research, and new perspectives in various areas of TXRF, from fundamental studies to practical applications. As with previous editions, TXRF 2025 will bring together scientists, end-users, and manufacturers, providing an excellent platform for networking and knowledge exchange. A training **workshop** for TXRF spectrometer users is planned on the day preceding the conference (**September 8, 2025**).

Kielce is located in Central Poland, in the heart of the Holy Cross Mountains, is situated between Warsaw and Cracow, the present and former Polish capitals. The TXRF 2025 conference will take place at the Faculty of Natural Sciences of the Jan Kochanowski University.

The conference program will include lectures and a poster session.
